SALON GROOM

A Spa Bath followed by a full haircut per breed – specific standards (and/or to owner's specifications) with a Pet Stylist.

SHAMPOO SELECTION (Choose one)

Regular All-Purpose – Adds volume & luster to coats removing tough dirt and odors

Hypoallergenic – Fragrance free for allergies and sensitive skin

Medicated – softens and relieves dry, itchy skin

DE-SHEDDING TREATMENT

Removes the most hair possible per treatment, without damaging the skin and coat. May require several treatments. De-shedding minimizes the shedding. No amount of treatment will eliminate it completely.

DE-MATTING TREATMENT

Matted and tangled coats prevent proper circulation and can be very painful to a pet. Bathing a matted pet may worsen the condition. Therefore, severe matting must be addressed first. As ethical Pet Stylists, we reserve the right to refuse service to those not wishing to address the matting.

CHOOSE ONE:

Brush-Out – May not be possible with severe matting. We will only de-mat if it can be done humanely.

Shave Authorization – Will fix condition, but may have aesthetic consequences
